Dear Consultee,

Hampshire County Council, in conjunction with local schools, has undertaken a review of the primary school catchment areas in Fleet, to take account of the new housing at Netherhouse Copse (formally known as Grove Farm).

As a result of that review, the governing body of All Saints Church of England (Aided) Junior School is seeking your views on a proposal to:

**Expand All Saints Church of England (Aided) Junior School’s catchment areas to include Netherhouse Copse.**

The planned new housing development at Netherhouse Copse currently falls within the catchment area of Dogmersfield Church of England (Aided) Primary School. However, due to site restrictions at Dogmersfield Church of England (Aided) Primary School, there is insufficient capacity to accommodate the number of the children forecast to come from the development at Netherhouse Copse. Tavistock Infant School and All Saints Church of England (Aided) Junior School are able to accommodate the number of the children expected from the development, without the need for further expansion of either school. It is therefore proposed that the catchment boundaries should be redrawn to remove Netherhouse Copse from the Dogmersfield Church of England (Aided) Primary School catchment area and include it within the catchment areas for Tavistock Infant School and All Saints Church of England (Aided) Junior School for admissions from September 2021 onwards.

Both Hampshire County Council, as the admission authority for Tavistock Infant School, and the Governing Body of Dogmersfield Church of England (Aided) Primary School, as the admission authority for the school, have agreed in principle to these proposals and are carrying out separate consultations on proposals to make changes to their respective catchment areas. Subject to the outcome of these consultations, all three catchment changes would be implemented for school admissions from September 2021 onwards.

You can view All Saints Church of England (Aided) Junior School’s full consultation, including a map showing the current and proposed catchment area, on the school website [www.allsaintsfleet.co.uk](http://www.allsaintsfleet.co.uk) from Monday 25th November 2019.

Any comments on this proposal should be sent to Mrs Sarah Noble, School Business Manager, All Saints Church of England (Aided) Junior School, Lea Wood Road, Fleet, GU51 5AJ or by email to s.noble@allsaints-fleet.hants.sch.uk no later than midday on 13th January 2020. Any comments received will be considered by the governing body for All Saints Church of England (Aided) Junior School and inform our decision on implementing the catchment change for September 2021 onwards.

All Saints CE VA Junior School has an admission number (PAN) of 140 per intake, which is **significantly above** the numbers who are currently in the catchment area/and also who are on-roll in Tavistock Infant School. The school has a limit of 35 pupils per class, supported by a teacher/teaching team and a full-time Teaching Assistant. The expansion of the catchment area will have very little impact on those who wish to choose All Saints as their child’s next school, or the Quality of Education of those already on roll.

Yours sincerely

All Saints Church of England (Aided) Junior School
